

### Parrot Figurine Fan Assembly:

- Line up the bolts attached to the feet of the parrot and put them through the holes
- Attach the wing nuts to the exposed bolt
- Back of parrot should be on the same side as the rings on the perch
- Next take the parrot tail and insert the small peg into the slot on the bottom of the back of the parrot body
- If you wish to conceal the cord, you can do so by putting it through the rings on the back of the parrot tail.
